Acrylic Paints (3 Colours)
Glue
Paintbrush

Build a Chinese Sampan

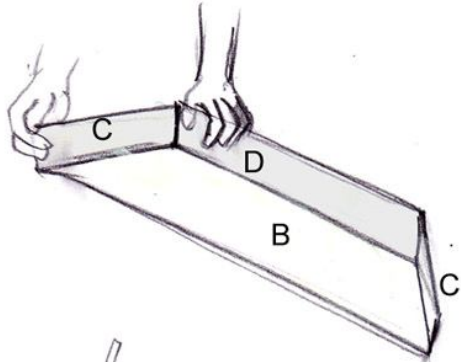

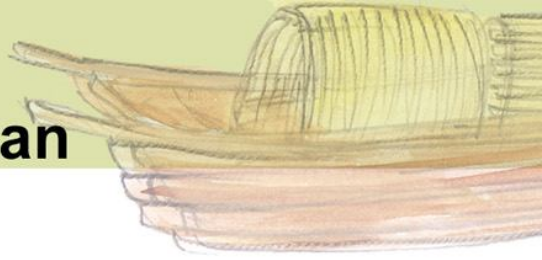

Templates

Cut the thick and thin cards according to the templates below.

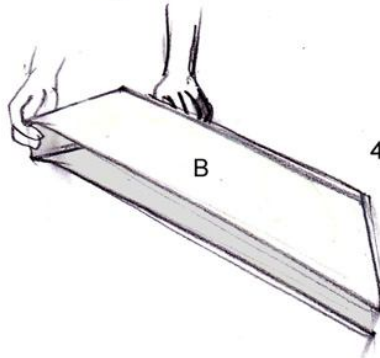

Build a Chinese Sampan

1. Glue templates C and D to the side template as shown.

2. Hold the pieces together with strips of masking tape while the glue dries

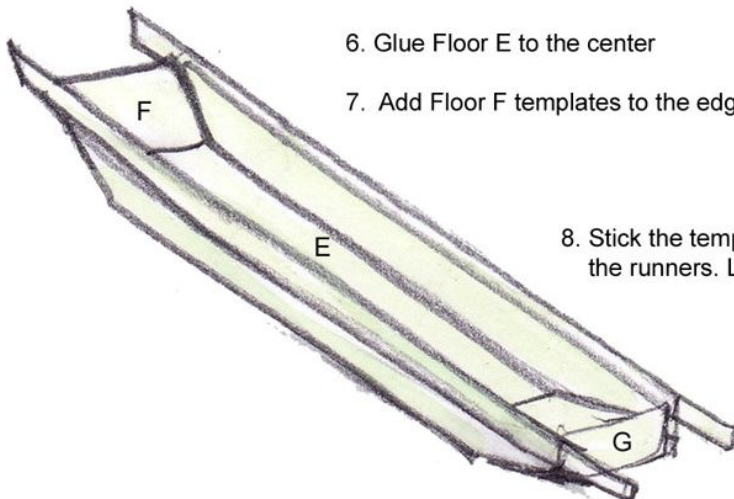

3. Once dry, remove the tape

4. Glue the side B to the boat.

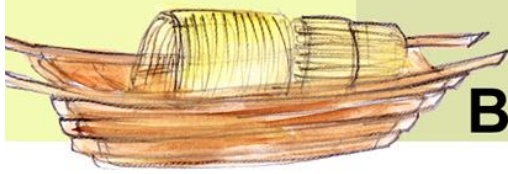

5. Stick the runner pieces along the edges. Use masking tape to secure them.

6. Glue Floor E to the center

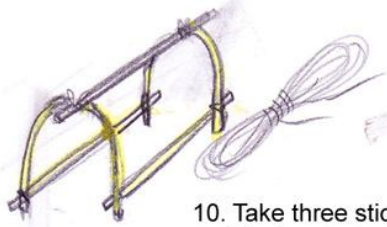

7. Add Floor F templates to the edges as shown

8. Stick the templates G vertically at the ends between the runners. Leave it to dry.

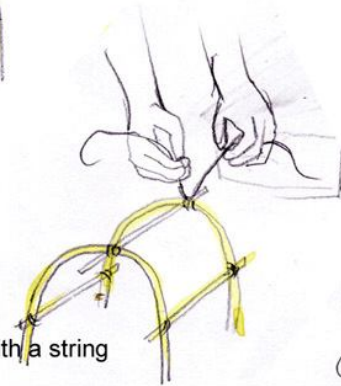

Build a Chinese Sampan

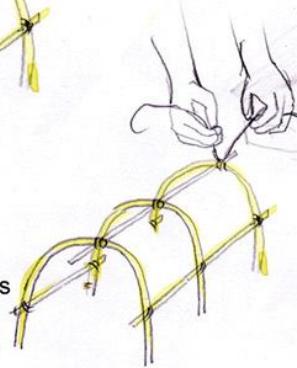

9. Bend two sticks to make two arches.

10. Take three sticks and make them into struts
Tie the struts to the top of the two arches with a string

11. Make a second roof by bending 3 barbecue sticks forming 3 arches.
Take three long sticks and make them into struts and tie them with strings.

12. Cut the yellow paper into strips measuring 4"x1/2".

Fold them into half.

This will be the matting for the roofs

Stick these mattings onto the arches.

13. Paint the boat section

14. Once dry, place the roofs on the deck of the boat and glue them to the base.
