

You will need

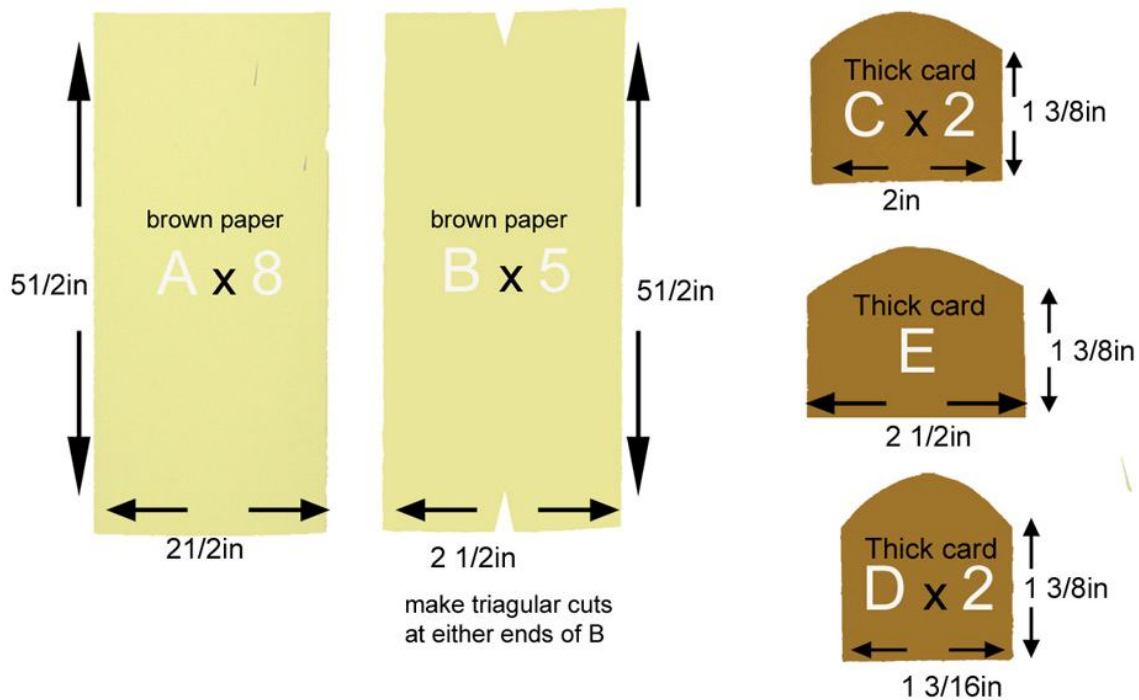

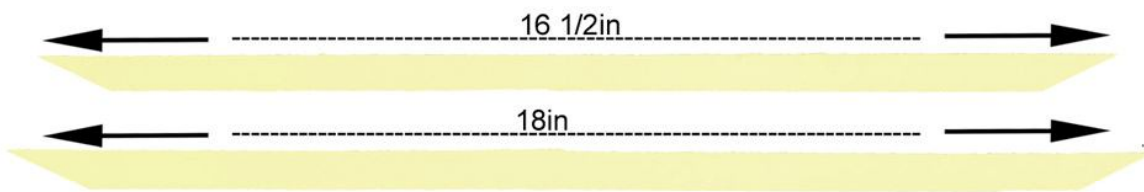

Native American Canoe

Thick card templates (C,D,E)
Brown Paper templates (A,B)
Cream Paper (strips)
Ruler
Scissors
Acrylic Paints (3 Colours)
Glue
Paintbrush
Needle and Thread

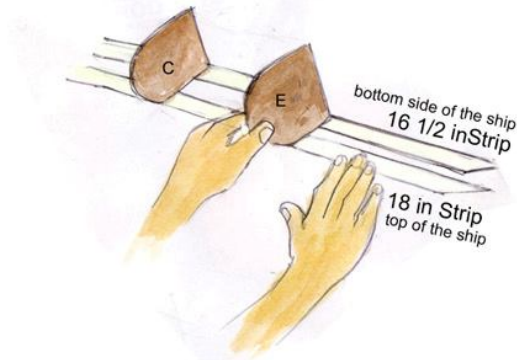

Cream paper templates

Cut two $16\frac{1}{2} \times 3\frac{3}{8}$ in strips with angled ends and two $18\frac{1}{2}$ in strips

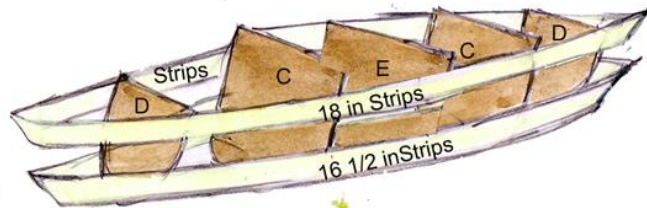

Native American Canoe

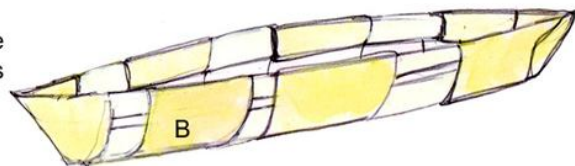

1. Cut out the templates.
2. Starting at the center, mark five evenly spaced lines on one 18 in strip and one 16 1/2 in strip.
3. Glue the side of the E template across the centres of the strips.

4. Place the D templates on either side of the E template.
5. Place the C templates towards the end of the strips.
6. Line up the other two strips on the side and glue them at the ends as shown in the picture

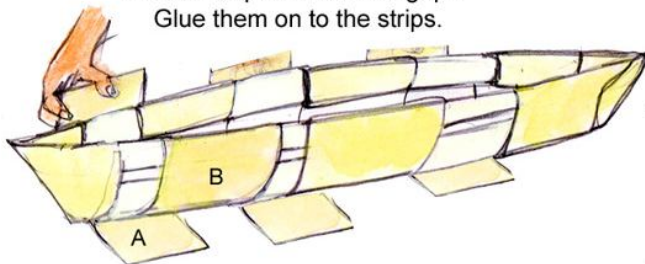

7. Glue templates B leaving gaps between each piece as shown in the picture

8. Carefully fold over and glue the edges of the templates

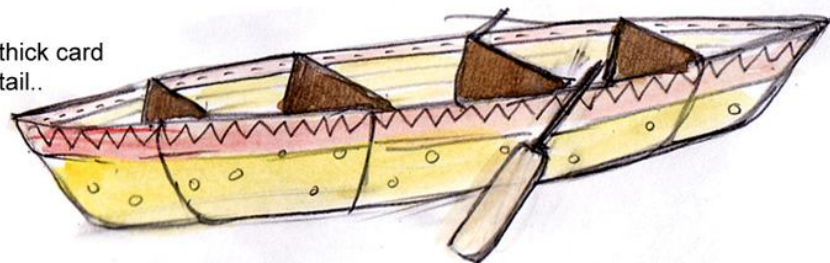

9. Add templates A to the gaps. Glue them on to the strips.

10. Stick the remaining A templates on to the sides so that the entire frame is covered

11. Using needle and thread sew a pattern along the edges.

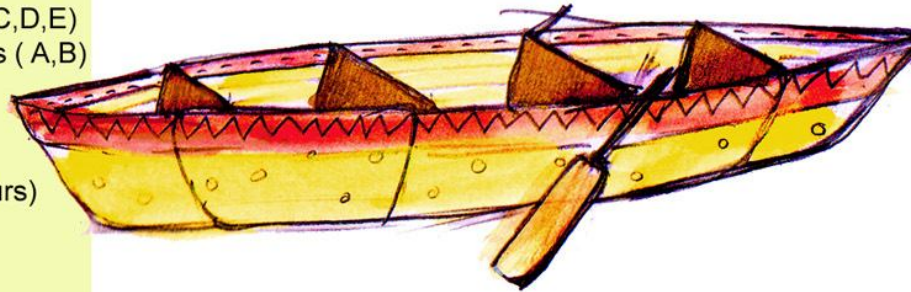

12. Make two paddles from the thick card. Paint your boat and add detail..
